

CORE VALUES

Empowerment:

- We empower our students with quality education and provide knowledge to face the challenges ahead with courage, confidence and happiness.

Quest for Innovation and Academic Excellence:

- Our institution is committed to encourage the students and teachers to be innovative and research oriented. We train the students towards academic excellence and all-round development.

Commitment towards Social Responsibility, Environment Consciousness and National Development:

- All activities are student centric and our students are actively involved in outreach activities through NSS (National Service Scheme), DLLE (Department of Life Long Learning and Extension), WDC (Women Development Cell) and Students Council. These activities are planned to mould them towards National Development.

Ensuring Accountability, Integrity and Fair Institutional Governance:

- We inculcate human values in our students through various value added programmes and extension activities.
- We maintain transparency by sharing progress reports with our stake holders.

Nurturing Diversity & Secularism:

- We believe in nurturing the spirit of Unity in Diversity and Unity in discipline
- We are committed and strive to attract and retain the resourceful people from all the backgrounds and religions.

Promoting Change through Technology:

- We continuously upgrade to latest and novel technological tools and system for quality improvement.

Developing Global competencies:

- We promote Innovation & Entrepreneurship skills among students and staff.
- We prepare them for global competency and efficient stress management.
