## Seminar on ‘Intellectual Property Rights’ & Seminar on ‘Brands as an Intangible Asset for Companies’

The Research Committee works with an objective to foster a research culture in the institute by encouraging research activities amongst the staff and co-ordinate, support and promote research attitude amongst the students. To create awareness for Intellectual Property Rights amongst our students the guidance lectures were organized.

- **‘Brands as an intangible asset for Companies’** on 22<sup>nd</sup> December 2018. Mr. Ahmad Patel from Department of B.M.S was invited to deliver the lecture. He introduced the symbols of different brands which are common in market and their impact on the consumers. The speaker has highlighted importance of brands in everyday life. Conceptualization of uniqueness of brands and how brands are intellectual property along with examples known to world were emphasized by him. Total **80 students** were benefitted and were very interactive during the lecture.
- **‘IPR: Intellectual Property Rights’** on 5<sup>th</sup> January, 2019. Mr. Shahid Sukte from Department of B.M.S was invited to deliver the lecture. He discussed on types and importance of IPRs, Patents, Copyrights, GIs, Industrial designs, Brands, Logo, distinctions amongst various IPR features, Cases and examples of IPRs, Website and authorities for IPRs, etc. Total **53 students** from IT, Biotechnology, BMS and B.Sc faculty, attended the session.

# International Workshop on Promotion of Angling as a Sport among Women

A one day International Workshop on Promotion of Angling as a sport among Women was held at Powai on 16<sup>th</sup> December 2018 organized by Department of Zoology and IQAC of G. M. Momin Women's College, Bhiwandi and Maharashtra State Angling Association (MSAA) Mumbai including other NGOs like Naushad Ali Sarovar Samvardhini (NASS), Indian Association of Aquatic Biologists (IAAB) (Hyderabad) and All India Game Fishing Association (AIGFA) under aegis of University of Mumbai. People across the society participated in this event to promote Angling and Women Empowerment. Principals from various colleges, teachers mainly Zoologists, females from corporate world and Indian and foreign student delegates participated in this workshop. First session was presentation on lake conservation, fisheries and Angling. Assistant Commissioner Fisheries Govt. of India explained importance of inland fisheries and opportunities provided by the Government. Second session was about the Lake Fishes and art of Angling, which were conducted by ace anglers Mr. Jalal Kazi and Jorden Rodriguez. A demonstration session was kept for new anglers and all participants were given separate spot for angling competition among participants.

**Introduction**  
 The history of angling (or fishing) is as old as the world. From the time there were fish in the seas and the rivers, people have been catching them for food. Among the Greeks, Philosophers Aristotle and Plato referred to the sport of angling, while historian Plutarch offered advice on fishing lines. From Greece and Rome to the ancient civilizations of India and Egypt, fishing played an important role in the local (and regional) cultures. For many, it is the perfect way to relax, get out into the freshness of modern existence.

**Powai Lake** - It is believed that the present location of Powai Lake was the original Powai Valley - a central village with several clusters of huts each having its own well. Powai village was also served by a rivulet resulting from the rain waters of the lowest slopes of the Western Ghats, now seen in the hillock on the South and of the Lake, with streams from the Eastern & North eastern slopes of hills. The authorities during the British regime intended to augment the water supply to Bombay City by creating a lake from this rivulet and in 1891 this was achieved by constructing two stone dams across two hillocks each dam was and still is about 10 metres high. The spread of the water body thus achieved was about 370 acres or 2.10 Sq kilometers and the depth varied from about 10 ft (off periphery) to 40 ft at its deepest. The lake is about 17 miles from central Bombay. Average rainfall at Powai is about 2540 mm, and the lake overflows for about for 40 days each year. Studies in 1995 estimated 300000 tonnes of fish as having been deposited over the years. It is believed that the original walls will erode before the water level but could have been silted up.

**About the College:** The G.M. Momin Women's College is situated at Bhiwandi, which is about 21 Kms. away from Thane. The College has started its work in academics as well as in extracurricular activities. The College is progressing in leaps and bounds. It had 1965 students as at the end of the academic year 2017-18. College is recognized by MSAC with a grade 'A' and is one of a city for academic excellence in 2017-18. The college is affiliated to the University of Mumbai. The College is a member of the All India Game Fishing Association (AIGFA) and the Maharashtra State Angling Association (MSAA). The College is also a member of the Indian Association of Aquatic Biologists (IAAB) and the All India Game Fishing Association (AIGFA).

**About MSAA:** MSAA is one of the oldest associations of its kind in India. It was started in 1962 with a view to promote angling as a sport among women. The association has been successful in organizing many inter-college, inter-city and inter-state angling competitions. It has also been successful in organizing many inter-college, inter-city and inter-state angling competitions. It has also been successful in organizing many inter-college, inter-city and inter-state angling competitions.

**Registration Fee:** The registration fee is INR 100 for all participants. It includes a certificate, a lunch, a t-shirt, a water bottle, a cap, and a bag. The fee is payable in advance. The fee is payable in advance. The fee is payable in advance.

Date: Tuesday, 11<sup>th</sup> September 2018    Time: 10am onwards    Venue: IT LAB, 1<sup>st</sup> Floor

# District Level Workshop on Orientation for 13<sup>th</sup> University Avishkar Research Convention in Collaboration with University of Mumbai

## Report for Workshop on Avishkar Research Convention 2018-2019

Department of Students' Development, University of Mumbai organizes Avishkar Research Convention every year to develop research culture and scientific temper among the students, scholars and teachers from under-graduate to doctoral level. This activity also helps to develop skills, review new dimensions of explore areas of knowledge as well as the unexplored areas of enquiry. During the academic year 2018-2019, Konkan Muslim Education Society's G. M. Momin Women's College, Bhiwandi was approved for hosting the Workshop on Avishkar Research Convention 2018-2019 by the Department of Students' Development, University of Mumbai for all the Colleges and Institutes of Zone III (Thane District including Navi Mumbai) on 5<sup>th</sup> September, 2018. It consisted of Inaugural session followed by total five technical sessions from eminent personalities from other institutions and our College.

## Three Days Training Programme on ‘Water Quality Monitoring and Assessment of an Urban Lake’

The Naushad Ali Naushad Ali Sarovar Samvardhini NAAS, Maharashtra State Angling Association (MSAA) and Department of Zoology, G. M. Momin Women’s College, Bhiwandi organized Three- days Training Programme on ‘Water quality monitoring and assessment of an urban lake’ for a group of selected female Post graduate Students of University of Mumbai from 11<sup>th</sup> March to 13<sup>th</sup> March 2018 at Dr. M.S. Kodarkar Field Station, Powai.

20/01/2018

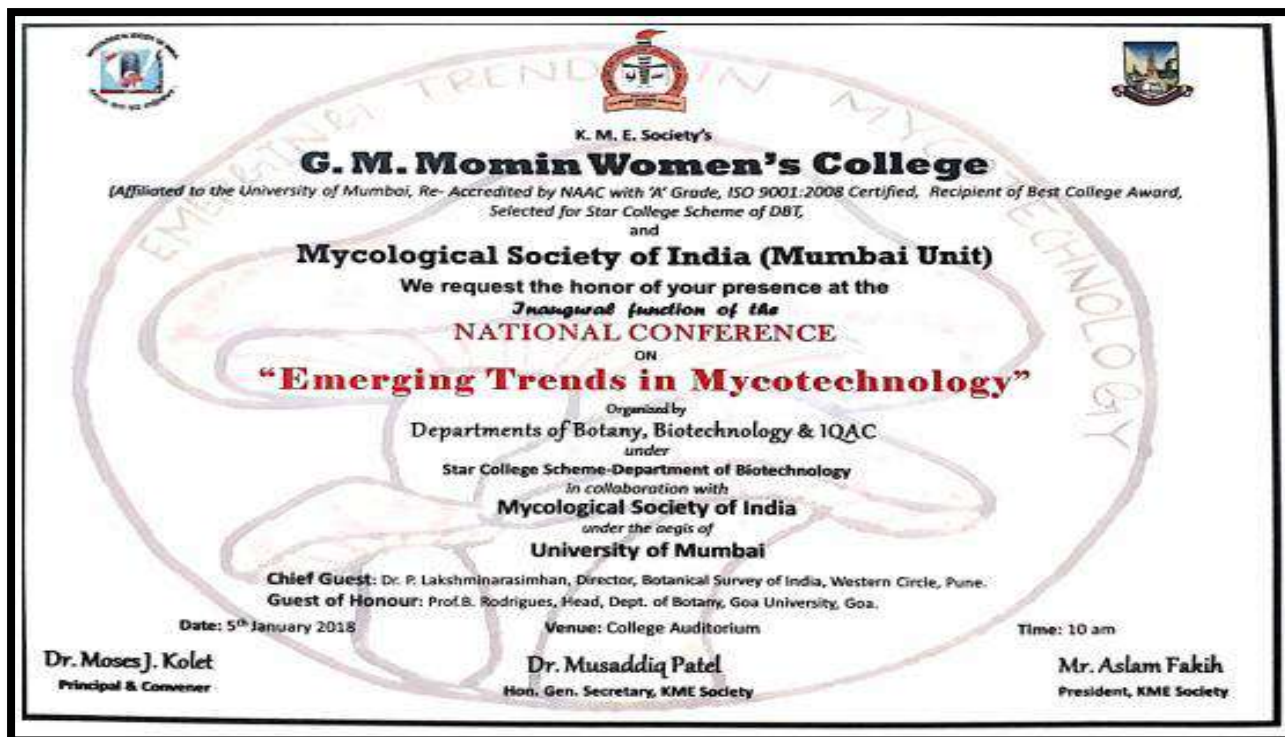

## National Level Workshop on 'Lake Eco-System and Wetlands'

National Level Workshop on 'Lake Eco-System and Wetland' was organized in collaboration with Maharashtra State Angling Association (MSAA), Naushad Ali Sarovar Samvardhini (NASS) and Indian Association of Aquatic Biologists, at Dr. M.S.Kodarkar Field Station, Powai on 20<sup>th</sup> January 2018.

05/01/2018 to 06/01/2018

## National Conference on 'Emerging Trends in Mycotechnology'

### National Conference on Emerging Trends in Mycotechnology

The National Conference on 'Emerging Trends in Mycotechnology' was organized by Department of Botany, Biotechnology and IQAC of G. M. Momin Women's College, Bhiwandi, under Star College Scheme in collaboration with Mycological Society of India (Mumbai Unit) and Mycological Society of India under the aegis of University of Mumbai on 5<sup>th</sup> and 6<sup>th</sup> January 2018.

The Convener of the Conference Dr. M. J. Kolet shared insights about the Conference and highlighted several achievements of the College. The conference had messages given by Hon'ble Chief Minister of Maharashtra Shri Devendra Fadnavis and The Education Minister of State Shri Vinod Tawde.

The special issue of the Conference journal was released by all the dignitaries. The Inaugural address was delivered by Dr. P. Laxminarasimhan, Director, Botanical Survey of India. He spoke on diversity of algae, fungi, lichens, non flowering and flowering plants of India. He also threw light on the various contribution of BSI in research activities. The key note address was delivered by Prof. B. F. Rodrigues, Sir being expert in Mycology spoke about his exemplary work in the field of Mycology and role of fungi in diverse fields.

Scientific Technical sessions 1 and 2 began with a talk on Need of Mycotechnologists conservation in India by Dr. Kiran Ranadive from Saswad, Pune. Dr. Sanjay Singh from Agharkar Research institute, Pune, Dr. M. C Srinivasan, former Head, Biochemical Sciences, National Chemical Laboratory, Pune and Dr. U. N. Bhale, Department of Botany, Arts, Science & Commerce College, Naldurg, Tuljapur, Dist. Osmanabad; were invited for the Lead lectures. Lead lectures were followed by oral presentations. There were total 12 participants from different states for oral presentations. The session for the day ended with the cultural programme. The students of the DLLE i.e 'The Department of Life Long Learning and Extension' regaled the audience by performing a Street Play titled, 'Kaise Honge Kamyab' addressing various current issues.

The second day began with Scientific Technical session no. 3. It was represented by Display of Posters and Photographs. The number of posters displayed was 28 and photographs were 29. Scientific Technical session no.4 began with the Lead lecture by Dr. Shilpa Verekar followed by Dr. V. Mohan Scientist G. Forest Protection Division, Institute of Forest Genetics and Tree Breeding (IFGTB), Coimbatore, TN. This was followed by oral presentations. Scientific Technical session no. 5 was a panel discussion with experts from industries. The experts were Dr. M.C. Srinivasan, Dr. Shilpa Verekar from Merieux Nutrisciences, Mumbai and Dr. Sunil Kumar Deshmukh from TERI, New Delhi. Scientific Technical Session no. 6 began with lead lecture delivered by Dr. R. M. Mulani Professor of Botany, Registrar, Swami Ramanand Teerth Marathwada University, Nanded followed by the oral presentations.

The detailed Report of the two day National Conference was given by Mrs. Sarita Hajirnis. Two of the participants gave their feedback and appreciated the work presented in the conference. This was followed by the Prize distribution ceremony.

Messages by Hon. Chief Minister Mr. Devendra Fadnavis and Hon. Education Minister Mr. Vinod Tawde for National Conference on

1<sup>st</sup> January 2018

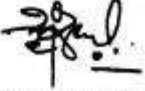

**MESSAGE**

It gives me immense pleasure that KME Society's GM Momin Women's College and Mycological Society of India's Mumbai unit is jointly organising two days National Conference on Emerging Trends in Mycotechnology, on 5<sup>th</sup> and 6<sup>th</sup> January 2018.

It is praiseworthy that GM Momin College is taking initiatives to organise State and national level conferences in various fields of relevance to students and academicians, parallel to and many a times even beyond syllabi to enhance skills and knowledge.

I congratulate the G.M. Momin Women's College for organizing the conference to create a platform for young and promising students of Botany and Biotechnology to discuss their problems with their peers. I hope that this conference will provide a springboard to the upcoming experts and give a chance to know about the latest developments in the field of research and knowledge.

I extend my best wishes to all those involved in the effort.

(Devendra Fadnavis)

**MESSAGE**

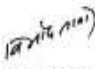

I was pleased to learn about the National Conference on 'Emerging Trends in Mycotechnology, organised by G. M. Momin Women's College, Bhiwandi.

In the constantly evolving world of technology, it is essential to keep up with the changes and advances in the field. I hope that during the conference, the experts will uphold their potential of excellence and introduce new developments of science and engineering keeping in view the needs of the present age, adding to the emerging pool of research and to the mutually beneficial experience for both the experts and the students. This initiative illustrates the foresight and efforts of the organisers towards enhancing our academic structure.

I extend my best wishes to the organisers and the participants of the event and wish them well in all future endeavours.

Thank You.

Yours,

(Vinod Tawde)

22/12/2017 to 23/12/2017

# Intercollegiate Robotics Workshop on 'Internet of Things'

Number of beneficiaries: 42

<p><b>G. M. Momin Women's College</b> The Konkani Muslim Society, the apex body of G. M. Momin Women's College is offering heart rendering services, for more than 89 years in the field of education by establishing Primary and Secondary schools, Jr. Colleges, Women's college &amp; college of Education. The G. M. Momin Women's College is a multi faculty degree college of Arts, Science and Commerce which also offers B.Sc. IT, BMS, Bio-tech &amp; B.Sc. Interdisciplinary courses. For the past 27 years, our degree college has created its own niche in academics as well as in extra-curricular activities. It has motivated a lot of under privileged women of Bhiwandi to take up higher studies. The college is also conducting M.A., M.Sc., M.com courses and PhD programs, Having bagged University, State and National awards, our college has been reaccredited by NAAC with 'A' grade and also has ISO 9001:2008 certification. Recently our college was selected for the Star College Scheme of DBT.</p> <p><b>Association of Teachers in Biological Sciences (ATBS)</b> ATBS is committed to improving teaching and learning of Biology and has joined hands with Paryavaran Dakshata Mandal in its ventures of spreading awareness towards the environmental issues, including the Clean Creek Movement and Conferences related to World Wetlands Day. Members of ATBS strongly believe that self learning is the best way of learning and encourage the students as well as teachers to take up research projects and the subsequent presentation as well publication. ATBS will be happy to have teachers and students of Bhiwandi and the near about places linking with us for this conference. ATBS also organizes workshops, seminars, conventions and conferences to provide opportunities for teachers as well as students of Biology to keep abreast with recent advancements in the subject.</p>	<p><b>Paryavaran Dakshata Mandal (Enviro-Vigil)</b> Paryavaran Dakshata Mandal is an NGO working in the field of Environment in Thane city for last 16 years. Ever since it was formed, its mission has been to create awareness amongst the masses for a clean and healthy environment, not only for the human beings but also for every component of Nature. In order to accomplish this mission Paryavaran Dakshata Mandal has initiated several environment friendly projects, which are progressing very well. Paryavaran Dakshata Mandal has supported setting up of a common facility for treatment and disposal of the Biomedical Waste in Thane. We have established Paryavaran Shala, a school which is open to all and is dedicated to spreading awareness about environment and inculcating a love for nature. We organize seminars on Green Careers to introduce the employment opportunities in the field of environment. We publish a monthly Magazine in Marathi called Apala Paryavaran. We run a unit of Kagad Shilpa to provide an alternative to plastic carry bags. We undertake Jal Saksharta Abhiyan and design and also implement rain water harvesting projects. We have undertaken a detail study of Thane creek and strive to conserve it. Our Environmental Information and Education Center is available for every interested person to study environment related issues. Campaigns are also undertaken to create awareness on pollution created by major Indian festivals.</p>	<p><b>The Theme</b> Wetlands are areas where water is the primary factor controlling the environment and associated plant and animal life. They occur where the water table is at or near the surface of the land, or where the land is permanently or temporarily covered by water. They come in many different guises, including streams, swamps, bogs, lakes, lagoons, estuaries, mudflats and flood plains. They provide habitat to millions of different species of plants and animals and are accordingly rich in biodiversity. They are cradles of biological diversity providing the water and primary productivity upon which countless species of plants and animals depend for survival. Throughout history they have been influencing human culture and survival. Wetlands are among the world's most productive environments and hence are vital ecosystems that provide livelihood for millions of people who live around them. However, over past few decades, wetlands have been heavily polluted mainly due to human activities leading to significant economic loss. Therefore, it is time to think as to how we should contribute to the conservation of the wetlands and to prepare an effective action plan. Keeping this in view, Paryavaran Dakshata Mandal initiated a "CLEAN CREEK MOVEMENT", in 2005 with special focus on The Thane Creek. The main objective of this movement is to generate awareness towards pressing wetland issues among the researchers, academicians, students as well as the local fishermen communities. It will hopefully prevent further damage to the creek and to revive its natural flora and fauna. As a part of this Clean Creek Movement and to commemorate Ramsar Convention on Wetlands we have been organizing a one day conference every year on 2nd February, the World Wetlands Day since 2005. The forthcoming conference has been organized on Thursday, 2nd February, 2017 at K M E society's G. M. Momin Women's College, Bhiwandi, Thane. The theme for the World Wetlands Day 2017 is "Wetlands for Disaster Risk Reduction"</p>	<p><b>The areas selected for the conference are:</b> 1. Dynamics of wetlands 2. Economics of disaster &amp; risk reduction by wetlands 3. Wetlands and vectors of diseases 4. Wetlands and climate change 5. Strategies for conserving wetlands</p> <p>We invite papers and posters from the students on these topics. For Paper presentation please send your abstracts with maximum 200 words on or before 15th January, 2017. The Participants will be informed whether they are selected for the final presentations by 25th January, 2017. Also there will be a Poster and Collage making competition on the same day as that of the Conference.</p> <p>Students of Secondary/ Higher Secondary Schools are eligible for poster presentations.</p>

# National Seminar on 'Trends in Mysticism' in association with University of Mumbai

Konkan Muslim Education Society's, G. M. Momin Women College had organized a One Day National Seminar on 'Trends in Mysticism' on 10<sup>th</sup> December 2016. The Seminar was organized by the Department of Philosophy and Internal Quality Assurance Cell of the college in collaboration with the University of Mumbai. The Inaugural Address was delivered by the Coordinator of the Faculty of Arts, University of Mumbai, Dr M.S. Kurhade and Keynote Address was delivered by Dr. Shubhada Joshi, Former Head of Department of Philosophy, University of Mumbai. The Lead Lecture was delivered by Mr. Florian Kaiser, a scholar from Germany. Presentations on various aspects and dimensions in Mysticism were delivered by 35 scholars and students from different institutions; in 4 technical sessions chaired by Dr. Amita Valmiki, Dr Harsha Badkar, Dr. Vatsala Pai and Dr. Suchitra Naik, all eminent philosophers. A feature differentiating this seminar from all others was the active role of under graduate students as paper presenters along with the regular research scholars, teachers and professors.

**Patrons**

Respected Sir,

We express our sincere gratitude for your valuable presence as Chief Guest on the auspicious occasion of Inauguration of G. M. Momin Research Committee and Scholars Academy held on 19th January 2016.

We hope for the same co-operation in near future too.

Thanking you and warm wishes.

Yours faithfully,

PRINCIPAL
