Dear Sir / Mam,

I am pleased to write to you about India's largest showcase on Services – The Global Exhibition on Services – GES 2. Ministry of Commerce & Industry, Government of India, Confederation of Indian Industry (CII) and the Services (SEPC).

As you are aware, India has emerged as the fastest growing major economy in the world and one of the major Services Sector, which has contributed almost 62 per cent of its gross value-added growth in 2016-17.

To give the multifaceted Indian services the global visibility it deserves and to simultaneously encourage trade in Global Exhibition on Services (GES) was conceptualised by the Department of Commerce, Ministry of Commerce & Industry, Services Export Promotion Council (SEPC) and Confederation of Indian Industry (CII) in 2015 with the blessing of the Minister of India, **Shri Narendra Modi**, who inaugurated the Exhibition at Pragati Maidan, New Delhi, in 2015. GES 2016 and 2017 were inaugurated by the then President of India Shri Pranab Mukherjee.

It gives me immense pleasure to share with you that after the success of the past three editions of GES in 2015, 2016 and 2017, the **4th edition of Global Exhibition on Services (GES) will be held during 15th – 18th May 2018 at Bombay Exhibition Centre** is expected from 100 countries in 12 services sectors and 22 sub-sectors.

Sir,

Nehru Science Centre is a constituent unit of National Council of Science Museums working under the aegis of Ministry of Culture, Govt. of India. The Centre conducts exciting education extension activities throughout the year primarily to popularise science and technology in cities, urban and rural areas for the benefit of students in particular and public at large.

Nehru Science Centre also organizes series of outreach Science Education Programmes and Events all through the year for school students and teachers. One of the annual events that we organize every year is the 'Western India Science Fair' in which students and teachers, who are the winners of State/UT level science fairs from respective State/UT participants from Western part of India will be participating to share their own learning experiences and innovation. It also tries to bring together young scientists to compete at zonal level, where participants get prizes/awards, establish new collaborations for future research, exchange thoughts with students from other cultures and make new friend. This year

WISF is being organized at the Centre during 14th to 17th December 2016. About 40 students' projects are likely to participate in the fair. The judgment of the projects is on 16th December, 2016 during 9.00 am to 4.00 pm.

It is our pleasure to invite you as one of the judges in the panel for the evaluation of Science project in category of student/teacher. Kindly make it convenient to be with us on 16th December, 2016 during 9.00 am to 4.00 pm at Nehru Science Centre, Dr. Moses Road Worli Mumbai.
