Hybrid App Development

The Department of Information Technology specially incubated the skills of App Development in students through Hybrid App Development Seminar organized by the Department under Star College Scheme of DBT. It helped to promote startups and new Creative and innovative ideas in the IT students.

PHOTOGRAPHY

We are happy to present our first table calendar for the year 2017 on the theme 'Mother Nature'. This is a small effort to encourage the photographic talent of our students and staff. Images might not be 'picture perfect' but these have been clicked by our very own students and staff who readily contributed their works towards this activity. The college also thanks all who had contributed hundreds of photographs for initial selection. This effort is a part of activities conducted under the Star College Scheme of DBT, Ministry of Science and Technology, Government of India.

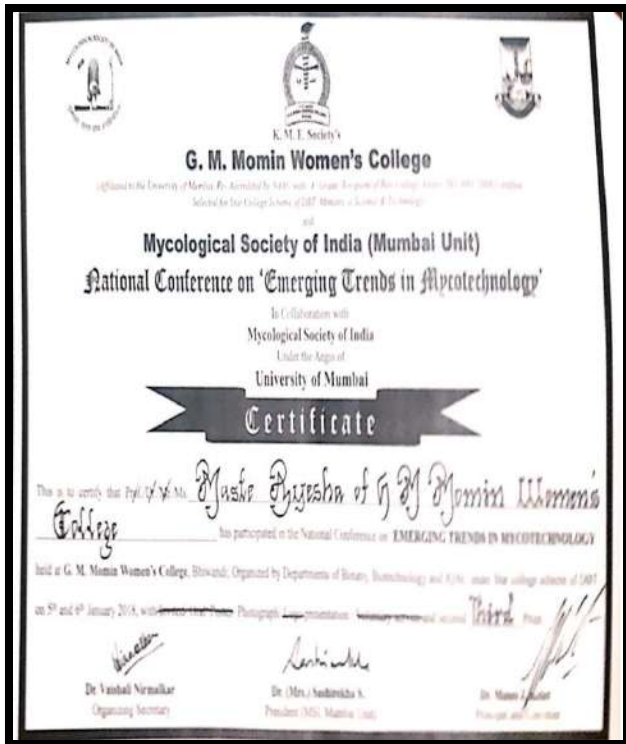

Concept: Principal **Dr. M.J. Kolet**
 Compilation: **Ms. Nusrat Ansari**, Department of Information Technology
