## **Appreciation for Multiple Voters Awareness Program**

### **CERTIFICATE OF APPRECIATION**

This is to certify that NSS Unit of G. M. Momin Women's College has conducted multiple Voters Awareness programs in the college and community to benefit the people of Bhiwandi.

My special appreciation to Principal Dr. Moses Kolet and Nodal officer Dr. Anis Choudhery for their hard work and dedicated contribution.

I appreciate the efforts of the team of G.M. Momin Women's College for successfully creating awareness in the society as well as enrolling new voters from the college and community. Approximately 5000 peoples have benefited from the awareness programs since 2016.

Every citizen plays an important role in selecting their leaders in our democratic society. I believe these awareness programs will directly benefit thousands of fellow citizens as they become more responsible and accountable to cast their votes in the elections.

I hope the same spirit of teamwork will continue in our future programs too.

Dear Dr. Thakre ,

This is with reference to 5th Meeting of the Task Force held during 18-20th April, 2019 at Pondicherry University, Pondicherry for Star Status Evaluation of your college. The Expert's decision/comment's are as below:

*"Dr. Jayashree Thakre presented the progress and informed that college has acquired NAAC Grade - A accreditation. The Task Force observed that IT project dealing with security on social media etc lack novelty. There were specific queries pertaining to the activities in departments of Physics and IT regarding the correlation between the equipment purchased and experiments listed. It was expected that in future progress reports the college will show the link between the infrastructure created under Star Scheme and its utilisation. The coordinator apprised that the college faculty had several projects and that these have resulted in novel findings for which patents have been filed."*

**Decision:** In view of above, the Task force recommended extension for a period of two years at existing level.

Further, the Task Force reiterated that the Star Colleges should involve maximum number of students under the activities being done under this scheme and that in order to have maximum number of student beneficiaries, the colleges should stress upon procurement of low cost multiple copies of basic equipments required for conducting experiments in the undergraduate classes.

The Advisory committee meetings should be held regularly, at least twice in the tenure of the project, one to be held in the early phase of its implementation so as to guide the college about the scheme and another towards the middle for mid-term course correction, if required. DBT may nominate the task force members for this purpose, if felt necessary. Colleges should ensure that external advisory members should be representing the domain expert area while trying to avoid the potential conflict of interests that might arise due to such nominations.

-2-

It was agreed that before uploading any content on website, the colleges should get the documents or compilations etc pre-reviewed by two acknowledged experts in the area and their endorsements with their details should be attached with the contents.

All the Star Colleges are expected to strictly follow National Guidelines for Bio-safety, Ethics for humans, animals etc. Institutions shall be solely responsible for violation of this and are liable to be prosecuted at their cost, risk and consequences.

The college coordinators must ensure their presence for review meetings and any absence by the Institutions or coordinators shall be taken very seriously. The change in the coordinator shall not be allowed for this programme.

It was suggested that coordinators should include a page on budget utilisation and another one describing the quantum of the committed objectives achieved while presenting their progress.

Yours Sincerely,

Garima Gupta

**Subject: Appreciation and acknowledgement of your support in Voters Awareness Campaign.**

Sir,

Civic Election are very important because these local bodies are involved in providing the basic amenities and facilities to the citizens; and it has direct impact on our daily needs, services and facilities. Therefore, it was utmost necessary to create Voters Awareness, so as to have a high Voter Turnout; which is a sign of healthy democratic set up. There were election to 10 Municipal Corporations (including Mumbai), 26 Zilla Parishad and 283 Panchayat Samiti covering almost 80 to 85 % of the State.

State Election Commission has for the first time used contemporary and innovative ideas in the Voter Awareness Drive. Every organization which was approached and appealed by State Election Commission has shown a positive response in this campaign.

Few organizations have given support as a community service, while rest have given a value addition service. Everyone has put its qualitative efforts in some way or other. Due to focused approach and multi-dimensional activities, the Voter Awareness campaign was a success. It was possible only because of the support shown by your organization.

It is for the first time in 25 years that Mumbai Corporation saw a huge leap in voter turnout of 12% as compared to 2012 turnout. There was an overall increase in voter turnout throughout the State. It is for the first time we saw that Voter Awareness was not limited to the Government agencies alone, but other organizations like NGO's, Corporates, Banks, IT Companies, Media Houses, Universities, Hotel and Restaurant Associations, Industry Associations etc. have directly / indirectly participated in the campaign. The campaign had turned into a movement. This is the success of Indian Democracy and also a sign of healthy democratic set up.

We acknowledge, recognize and appreciate the efforts put by **G M Momin Women's College** in this campaign. Special reference needs to be mentioned Dr. Moses J. Kolet & the college volunteers who had managed the campaign very effectively and successfully from your side.

Thanking you,

Yours,
