# Soft Skill Development

Our college believes that professional and vocational success of graduating students depends on level of soft skills they possess, therefore, various short terms soft skill development courses are regularly conducted on our campus to equip our students with the competitive skills in today's arena. College has been collaborating time to time with soft skill training institutions like International Youth Fellowship. Seminars and workshops are conducted to impart basic training to students on various topics like Resume writing, interview skills by inviting the experts. Our institution has the culture that all the programs are anchored by students. Anchoring is identified as one of the upcoming skill of our students. For this students are guided by respected committee members and convener. Committees and units of college provide free platform to the students for anchoring. Department of Life Long Learning, Education and Extension unit conducted a competition on Best Anchoring. Power point presentation competitions were regularly conducted in college for the students to reduce their glossophobia and enhance their communication skills. Students were trained for preparation of E posters for Avishkar Research Convention organized by University of Mumbai. Total **2035** are the beneficiaries in last 5 years.

# Language Lab

As our college is situated in an unorganized industrial cluster, hence a major chunk of our students come from labour class and under privileged section of society who have secondary and higher secondary education in vernacular medium of instruction like Urdu and Hindi. Therefore, on joining the college they face English language as a barrier. In fact, it proves as a major reason for drop outs during graduation as they are not able to cope-up with English language curriculum. To overcome the dilemma, college has setup English Language lab in year 2013.

In the academic year 2016 the laboratory was shifted to extension building which is fully equipped with computers and Rosetta software. College has a committee and full time instructor to look after the language lab. Students coming from vernacular medium are guided and encouraged to enrol for Language certificate course where rigorous training is imparted to them.

# Personal Counselling

Our institution is playing a major role in promoting the growth and development of the young girls entrusted to their care to improve the self-image and facilitate achievement in life tasks.

Socio-cultural beliefs often discourage girls from learning and subsequently lower their aspirations. To improve the self-image of girls and broaden their educational and occupational ambitions we have effective counselling system through Class in charge teachers, Mentors and a professional counselling expert. Our happiness club and positive thinkers club motivate our students to curb all stress related issues, empower girls, and teach them to develop positive attitudes towards themselves.

Students seeking the personal counselling on various social, health and psychological as well personal issues meet the counsellor. A proper follow-up is provided to such students and effectiveness of counselling is assessed on regular basis.

Total **6822** are the beneficiaries in last 5 years.
